

# CGAR Quarterly

Volume I, Issue I

Winter 2003

Editor: Mike Edwards  
Assoc Editor: Elisabeth Myers

Contributors:  
Dr. Steven Hampton, ERAU;  
Peter Sparacino, FAA

## November COE Meeting in Florida

This is the first edition of CGAR Quarterly. The purpose of this newsletter is to provide an electronic newsletter that will inform all researchers in CGAR of pending activities. We encourage everyone to submit their comments and articles for this publication.

### Student of the Year

Jesse Romo was awarded student of the year by the FAA representing CGAR. He recently worked in the CGAR Program Office in communication and planning. Currently, he is an intern at the Burbank International Airport where he is specializing on contracts and operational activities of the airport authorities.

### *FAA 3rd Joint Annual Meeting November 5-6*

#### *Activities*

The 3rd joint annual meeting was held in Daytona Beach, Florida this year and was considered a success by all members as we concentrated on the theme of the meeting "The next five years". The weeks activities were started with the CGAR annual meeting. Members attending this meeting focused their discussion on a varied number of topics concerning the future plans of CGAR. The major emphasis of the meeting was to develop a plan that would implement the move from Phase I to Phase II growth plan for the next three years.

### *CGAR Schedule* WINTER 2003

- 1/15  
Fourth quarter 2003 project reports due
- 4/15  
First Quarter Project Reports Due

#### Welcome!
